

URGES GOVERNMENT RETAIN CONTROL OF THE MUSCLE SHOALS

Los Angeles Civil Engineer Urges Support of Norris Bill Proposing Government Owned Corporation—Says Property Sacred and Should Never Pass to Private Hands

WASHINGTON, May 5.—Government retention of the nitrate and power projects at the Muscle Shoals, Ala., rather than their lease or sale to private interests was urged today by J. H. Levering, a civil engineer of Los Angeles in testifying before the senate agriculture committee in support of Chairman Norris' bill proposing a government-owned corporation for development of the Muscle Shoals territory.

Mr. Levering declared the committee should never accept a private offer until one had been drafted on a sound business basis.

"The Wilson dam and the nitrate plants," Mr. Levering said, "were built with sacred money given by the people during the war. Some of it now is bloodstained. All of it is sweat stained by those of us who worked to win the war and the projects that money made possible ought to be retained by the government never to enter the possession of somebody who is a slacker or whose family is."

FAMOUS GUNMAN DRAWS DEATH IN A GAME OF GUNS

Killed by Chief of Police When Resisting Arrest

WICHITA FALLS, Texas, May 5.—Bud Ballew, man killer of the southwest, "cashed in" today when Police Chief McCormick beat him to his holster and sent five .38 calibre steeljacketed bullets crashing into his body as he stood in a cafe.

Bud's prowess in unlimbering his "six gun" when trouble threatened had saved him in numerous border squabbles, but it was lacking today. His gun never got out of its scabbard. It was only a short way out when the police chief, firing from his hip was master of the situation.

The body of Ballew, a former deputy under Sheriff Buck Garrett at Ardmore, Oklahoma, was sent to Ardmore this evening by airplane.

Released on Bond

McCormick, who was arrested by Tom Hickman, captain of Company B, Texas Rangers, waived preliminary hearing before R. V. Quinn, justice of the peace an hour later and was granted bond in the sum of \$10,000, which he immediately made.

"I got a tip that Ballew was at the cafe threatening to cause trouble," Chief McCormick stated to newspapermen.

Chief McCormick went to the place with Jack Miller. "When I walked into the room I saw Ballew and I went up to him, touched him on the shoulder and said:

"Bud, you're under arrest; give me your gun."

"He turned half way around and looked at me for an instant, then said:

"'Hell, you're out o' luck.'"

Police Chiefs Statement

Chief McCormick stated that as Ballew made this statement he (Ballew) reached with his right hand under the left side of his coat toward a pistol that was strapped to his body on that side and that as he reached, the chief pulled his pistol from the holster and began firing, hip fashion. All five shots took effect in Ballew's body as he crumpled to the floor.

One of the bullets penetrated Ballew's left hand, tearing thru his heart and coming out just below.

CHIEF NATIONAL BANK EXAMINERS SEE IMPROVEMENT

Give Favorable Reports at Annual Meeting

(By The Associated Press)

WASHINGTON, May 5.—General strengthening of the economic machinery of the nation was reported today to Comptroller of the Currency Crissinger by the 12 chief national bank examiners representing the federal reserve districts of the country at their annual meeting in Washington.

In the main the examiners said there had been a notable improvement in business conditions with restored confidence and a favorable outlook for the future. Belief was expressed that progress towards normal conditions would be gradual and not an overnight accomplishment.

Continued improvement is expected in Cleveland, according to F. C. Thomas.

Upward Trend Seen.

"Business," he said, "shows a decided upward trend and there appears to be a general feeling that conditions will continue to improve notwithstanding the fact that the present coal strike and disorders in other lines of industry have to some extent halted activity."

Considerable decrease in the grain on hand in the Chicago district was reported by Fred Brown as well as heavier exports. Stock and bond prices are advancing, he declared, automotive, steel, machinery and allied lines expanding and belief in the revival of the spring trade is expressed.

Farmer Morale Better.

"The morale of the farmer is slowly returning," John S. Wood of the St. Louis district declared. The increase in prices of grain and livestock have renewed this hope. It is true that the grain reserves on farms are relatively small and that the farmer has not received the full benefit of enhanced values but the increase has given him courage. With present prices for farm products and the present prospect for crops it would seem that the purchasing power of the farmer is in a fair way to be restored.

Reviving purchasing power of the farmers was reported by Howard M. Simms of the Minneapolis district.

Mr. Levering said much of the support given Mr. Ford's offer came from "sucker money," explaining that speculators already were selling "lots at Muscle Shoals" next to Mr. Ford's factory.

BEVERIDGE SHOWN WINNER OVER NEW BY BIG MAJORITY

Ex-Governor Ralston Is Democratic Nominee to Oppose Beveridge

(By The Associated Press)

INDIANAPOLIS, Ind., May 5.—With the vote of the Indiana primary elections completed today former Senator Albert J. Beveridge was shown as the winner of the Republican senatorial nomination by 20,472 votes and former Governor Samuel M. Ralston as the victor of the Democratic contest by 79,405 votes.

Mr. Beveridge defeated Senator Harry S. New, a candidate for re-nomination, while Mr. Ralston overwhelmed a field of four opponents for his majority.

The unofficial tabulation of the vote gave Mr. Beveridge 205,410 votes against 184,938 for Mr. New and Mr. Ralston received 171,952 while his contestants accumulated 92,547 votes.

Dr. Jesse Sanders, running on a "wet" platform, was second in the Democratic primary, receiving 34,045 votes.

Wet Candidate Wins.

Two congressional nominations both Democratic were not settled until the vote was complete. Joseph Turk, who also ran on a "wet" platform, won in the seventh district, virtually the city of Indianapolis, by a vote of 8,484 to 4,358 for his "dry" opponent.

Charles A. Bidaman of Terre Haute won the fifth district when his home county of Vigo gave him a vote that overcame the lead David Hostetter had gained in the five other counties of the district.

Mr. Beveridge and Mr. Ralston plan to make their first speeches before the state convention of the Indiana League of Women Voters at LaFayette next Tuesday night. Their addresses will be broadcast by radio telephone.

No Increase in Number of Illinois Supreme Court Justices

(By The Associated Press)

SPRINGFIELD, ILL., May 5.—Seven judges will continue to compose the supreme court of Illinois under the proposed new constitution. The constitutional convention increase to nine judges and then, upon an appeal from Justice Cartwright, clinched their decision to keep it unchanged by tabling a motion to reconsider.

Delegate Trautman of East St. Louis offered the amendment to increase the number of justices to nine. It was defeated 24 to 43. The original motion then passed 66 to 7.

Cartwright Heard From.

Action clinching the section was then taken. Delegate Brewster of Lee county read a telegram from Justice Cartwright of Oregon, responding to word sent him that unless supreme court districts were increased and the judges increased from seven to nine, Justice Thompson of Rock Island, would be thrown into the district with him and one of them would lose the judgeship.

SMALL JURY LACKS TWO TO COMPLETE END SECOND WEEK

Rumors of Jury Fixing Causing Considerable Additional Delay

(By The Associated Press)

WAUKEGAN, Ill., May 5.—The jury to try Governor Len Small, charged with conspiracy to embezzle state funds, was torn apart today to challenge peremptorily two men, one of whom had been accepted finally and sworn in.

The defense offered a motion which was accepted by Judge Edwards, that the second panel of four jurors, sworn in last Monday, be reopened to permit them to challenge Charles Melville. Two affidavits, signed by two men who spent a night in the jury room, and purporting to tell of a statement alleged to have been made by Mr. Melville to the other jurors, in which he referred to Grant Park as "the place where the governor put the money in a fictitious bank," were presented and Mr. Melville was excused altho State's Attorney Mortimer of Sangamon county protested vigorously.

Two Jurors Lacking

Next Monday will see the start of the third week of the trial with two jurors yet to be found and with two of those seated still liable to peremptory challenge.

The dwindling hope of obtaining a full jury by the end of the second week was shattered when a dispute arose over the question of permitting the defense to make in the examination of prospective jurors reference to its contention that the state treasury act of 1907 is unconstitutional.

It was agreed that Judge Edwards will not rule on the prosecution objection to this point until after the last panel is tentatively completed.

Battle of Words

The pent up feelings engendered by the two weeks of quelling questioning and cross questioning of prospective jurors burst forth today in a flare of verbal pyrotechnics when lawyers for state and defense joined battle over the charges of the defense and the counter accusation of the state, made yesterday that a defense investigator had held improper conversation with a dismissed jury.

Ku Klux Rumors

Various rumors have been spread since the trial started, ranging from unsubstantiated reports of jury fixing to still wilder stories built on the presence in the court room of a local klan of the Ku Klux Klan.

When court opened the defense offered its motion and Mr. Mortimer protested that on Wednesday the defense "offered with the full knowledge than of the facts in this motion and affidavits, to accept the jury as it sat."

"The state has accepted the man and the state stands by its acceptance," he said. "If this proposition should prevail there might be an endless chain in the securing of a jury for the trial of this case."

Melville Makes Denial

The court granted the defense motion protested volubly when Judge Edwards ruled that the state should be given two additional peremptory challenges as compensation, leaving the defense with a net loss of three challenges as one was used to get rid of Melville.

When reached tonight at his home in Highland Park, Melville emphatically denied that he had made the statements attributed to him by the defense.

(By The Associated Press)

LAWTON, Okla., May 5.—The Rev. Thomas J. Irvin, who resigned the pastorate of the First Presbyterian church several days ago in the midst of a bitter controversy was arrested tonight on a charge of arson in connection with alleged recent incendiary fires at the church.

He was released on bond of \$500.

He refused to make a statement.

FILIBUSTER IS SEEN AS CAUSE OF TARIFF HOLDUP

Senator Watson, Indiana, Makes Charge—Says "Nobody Fooled"

(By The Associated Press)

WASHINGTON, May 5.—Frequent and somewhat prolonged discussion in the senate as to whether there was unnecessary delay in the consideration of the tariff bill finally culminated in a charge by Senator Watson, Republican, Indiana, that there was a filibuster against the measure.

"There is no other object—and no other purpose in the measures being adopted to delay its passage," he declared. "The object is to delay the passage of the bill as close to the day of election as is possible. Nobody is being fooled and if I have my way we will be holding sessions daily from 11 o'clock in the morning until 11 o'clock at night."

Denies Charge.

Senator Watson, Democrat, of Georgia, interrupted to say that Senator Simmons of North Carolina in charge of the Democratic fight on the measure had asked certain minority senators to present their views on particular items in the bill but declared that it was intended that the presentation should be without filibuster and with no purpose of delay.

Earlier both Senators Underwood, Democratic leader, and Simmons, had declared that there was no disposition on the Democratic side to delay passage.

Senator Simmons said debate was inevitable and proper as the country should be informed as to the effects of proposed legislation but assured the senate that so far as the minority was concerned there would be discussions only of outstanding items in the various schedules.

The soldiers bonus also got into the debate when Senator Walsh, Democrat, Massachusetts, asked Chairman McCumber of the finance committee if the amended bill was to be reported soon and taken up immediately by laying aside the tariff bill temporarily.

Senator McCumber said this was planned and that he hoped to have the bill reported within a week.

"I assume it will not take more than a day or so to pass," Senator McCumber added, "declaring an almost majority was behind it."

Lewis president of the striking mine workers to the extent of saying that announcement would be forthcoming from administration upon results reached by the conference. General Osipina expressed his appreciation for the attention which he had received during his visit to Washington and referred to the United States as the elder brother of his country.

OMAHA FEDERAL JURY INDICTES PROMINENT MEN

Alleges Wrongful Use of Mails in Promotion Securities Co.

(By The Associated Press)

OMAHA, Neb., May 5.—Twenty five men, residing as far east as Charleston, W. Va., and west to Los Angeles, are charged in a blanket indictment returned by a federal grand jury here today with using the mails to defraud in the promotion of the Guaranty Securities company of Omaha, Des Moines, Iowa, and Denver, Colo.

Largest Ever Returned.

The indictment is the largest numerically ever returned in this district and the bonds required of the defendants aggregate \$225,000.

Among those indicted are: W. V. Matthews, Omaha, former president of the Guaranty Securities Company now serving a penitentiary sentence for alleged irregularities in nonother banking enterprise; Thomas H. Matters, Omaha in whose trial for using the mails to defraud in connection with the sale of Montana oil lands a jury recently disagreed; James R. Ellison, Charleston, W. Va.; Charles Rudolph, Chicago; William H. Culver, Los Angeles; Lucien B. Fuller and Rev. Charles H. Rogers, Lincoln; Samuel G. Moore, Des Moines; LeRobert D. Eykelboom, George L. Roach and Homer Molyneux, all of Denver, Colorado.

Manner of Operation.

The indictments allege that in 1918 Culver and other defendants incorporated in Delaware the Colonial Timber and Coal corporation, said to control 147,000 acres of land near Charleston. The incorporation was for \$10,000,000 and \$2,000,000 of bonds were issued, half of which is alleged to have found its way into the banks controlled by the Guaranty Securities, in exchange for real money and real credits, procured among the alleged arch-conspirators.

The indictment alleges that Culver in 1918 secured from two sisters named Gregory, a quit claim deed to the 147,000 acres which was the basis for the Colonial Timber and Coal corporation.

Claim Titles Bad.

The contention that title to these lands whose bonds later found their way into the bank of the Guaranty Securities company is worthless, is part of the allegation.

The charging portion of the indictment says the defendants conspired to devise a scheme to defraud divers persons, firms and corporations by fraudulently inducing them to purchase shares of capital stock in the Guaranty Company at excessive prices.

Ellison is said to be a Charleston attorney alleged to have uncovered the opportunity to secure the land involved.

THE APPOINTMENT OF GOLDSTEIN CAUSING MISSOURI UPHEAVAL

Harding Appointee as Revenue Collector at St. Louis Object of Attack—President Makes No Comment—Believed Leaders Will Urge Withdrawal of Goldstein's Name

(By The Associated Press)

WASHINGTON May 5.—Coincident with reported efforts of some senate Republican leaders to obtain the withdrawal of the nomination of Nat Goldstein to be internal revenue collector at St. Louis because of his receipt of \$2,500 during the last Republican national convention from the campaign funds of Governor Lowden, an open attack was launched in the senate upon the Goldstein and other administration appointments by Senator Harrison, Democrat, Mississippi. While the senate discussion was in progress it was said at the white house that President Harding neither boasted of nor apologized for his nominations. This was the only comment forthcoming from the white house on the case.

Charging the use of "corruption funds" in Missouri in 1920 by both the Harding and Lowden forces, Senator Harrison named three other Missouri recipients of what he characterized as "Lowden money" who were subsequently appointed to federal positions.

Those named were Roy Davis, minister, Costa Rica; W. S. Allen, Missouri state prohibition agent and W. L. Cole, special assistant to Attorney General Daugherty. He also referred to E. L. Morse as the "paymaster for Missouri," of the campaign of former Governor Lowden of Illinois, but said Mr. Morse had not received a federal appointment.

"The men who had received money for corrupt purposes," had been "picked out by this administration for high positions and good jobs the senator declared and again announced that he would demand open sessions for consideration of confirmation of Goldstein nomination.

Would Defeat Discussion

Senator Watson, Republican, Indiana, said it would have been more in keeping with proprieties had Senator Harrison deferred open discussion, but he added that open debate would be had if the finance committee should report the Goldstein nomination favorably.

Senate Republican leaders said privately today that the president would be urged to withdraw Mr. Goldstein's nomination. The opposition among the Republicans was said to be spreading.

General Wu Controls Peking—Reorganization Expected

(By The Associated Press)

PEKING, May 5.—The forces of General Chang Tso-Lin, the Manchurian leader have been driven from the region of Peking, and General Wu Pei Fu now is in control of the situation. Chang's authority in Peking was eliminated today with the disarming of his guard inside the capital and General Wu was recognized by the Peking government as having assumed control.

It is understood President Hsu Shih Chang will remain in office until the end of his term in October, 1923. General Wu says he does not intend to interfere with him. A reorganization of the cabinet is expected.

Premier Overthrown

Premier Lang Chi Yi, who is regarded as a supporter of General Chang, will be automatically eliminated. The premier at present is in Tientsin.

Acting Premier Chow Tzu Chi probably will resign. He conferred today with General Wu's plenipotentiaries with regard to the government.

General Wu has remained outside Peking and has given no indication of an intention to enter the city. He purposes to call a constitutional convention as soon as the military problems are solved. It is his intention to unite North and South China.

The defeat of General Chang is attributed to lack of the support he expected from the southern provinces the neutrality of Shan-tung and the failure of Dr. Sun Yat Sen, head of the Southern government in Canton, to send an expedition northward to operate against General Wu.

Tientsin in Panic

TIENSIN, China, May 5.—This city, already panicky in fear of the consequences of the defeat of General Chang Tso-Lin's troops had a scare during the night owing to the arrival of eight trains of Fengtien troops from Fengtai and rumors that they intended to loot the town. ROTARY CLUB HEARD MUSICAL PROGRAM

Cellist and Singer From School for Blind Gave Numbers—New Club Year Begins

At the Friday luncheon of the Rotary club at the Casino hotel a delightful musical program was given by pupils from the State School for the Blind. With Prof. Myers at the piano Donald Straley played a cello selection. Then Miss Mary Ford sang two solos with Miss Lorene Dewese as her accompanist. Both musicians were enthusiastically received and responded with encore numbers.

V. R. Riley, retiring president, made a brief address in facitious vein summing up some of the work of the past year. Reports were also made by Dr. G. H. Kopper, retiring secretary, and by L. F. Randall, treasurer. Mr. Riley made use of some very apt stories in introducing the new officers and paraphrased a humorous poem into which the names of the new officers were interwoven. J. W. Walton, president; Dr. A. H. Dollear, vice president; and J. H. Dial, secretary, incoming officers, spoke briefly.

Among the guests of the day were Rev. J. I. Langton, Walter Bellati and William Robinson of Jacksonville and Dr. C. A. Briggs of Pasadena, Calif., who is in the city a guest at the home of his daughter, Mrs. Thomas Hopper. Dr. Briggs proved a happy after dinner speaker.

SCOTT COUNTY RURAL SCHOOLS HAD PROGRAM

Graduation Exercises of Eighth Grades of Rural Schools Held Friday Afternoon at Winchester—Other News Notes.

Winchester, May 5—The graduating exercises of the eighth grade of the rural schools of Scott county were held at the Christian church Friday afternoon at 2:30 o'clock. There were 165 in the class but some from Naples and other points near the river were unable to be present on account of the high water. The young people were seated in the Sunday school room and presented a very attractive appearance.

This was the first graduating exercises for the rural schools ever held here, and County Superintendent Miss Wells deserves great credit for her efforts in bringing this about. The teachers of the rural schools also deserve much praise for their work as evidenced thru their pupils.

The program of the afternoon was as follows:

March—Miss Ethel McClure.
Juba Dance (Delp)—Martha Gibbs.
Vocal Solo—Olive Walker.
Address—W. S. Booth, assistant State Superintendent.
Remarks—Supt. C. W. Smith.
Presentation of Diplomas—Miss Olive Wells.
Piano Solo—Miss Viola Norman.

In his address Mr. Booth outlined various steps toward the accomplishment of worth while things in life, laying especial emphasis upon the influence of the home, the school and the church. His remarks were based particularly upon the school and he had much to say of practical value to both the student and the teacher.

The various schools represented and the number of pupils from each are listed below:
Akers 1; McCracken 4; Independence 1; News 2; Fairview 1; Alsey 7; Keller 7; Glasgow 5; Sugar Grove 2; Zion's Neck 3; Point Pleasant 2; Seminary 5; Oak Grove 4; Hickory 2; Liberty 6; Campbell Hollow 3; Bloomfield 4; South College 1; Merritt 4; Oak Dale 7; Ridge 5; North College 4; Exeter 3; West Hickory 4; Naples 5; Maple Grove 2; Scott County Drainage 1; Hazel Dell 3; Willow Branch 3.

Picnic at West Hickory.
The term at West Hickory school closed Wednesday and the day was spent very pleasantly by the pupils and their teacher, Mrs. Mary Slater. At noon a fine picnic dinner was served and in the afternoon an interesting program of readings, music and a very pretty flag drill was given.

News Notes.
Mrs. Guy Husted has returned home from Jacksonville where she had her tonsils removed.

In the circuit court Friday the case of the people vs. Maurice Hogue, charged with assault to kill, occupied the time of the court until an early hour in the afternoon, when the case went to the jury. At a late hour Friday evening the jury had failed to reach a verdict.

ROAD CONDITIONS

SPRINGFIELD, Ill., May 5.—Highways of central Illinois have improved and are now in fair condition, with some good stretches, according to the Weather Bureau road bulletin issued today.

"There are many rough places, however," the bulletin adds. "The roads are excellent in Cass county. There are bad places in Chinkapin levee and at South Fork near Springfield; 2 miles north of Taylorville, and between Springfield and Jacksonville. The road across the river at Chandlerille is passable.

"The road into Beardstown is now passable; detour south at Bluff Springs. No roads from Beardstown to Frederick."

DR. RUTH FAIRBANK
GOING TO EUROPE

Dr. Ruth Fairbank of Johns Hopkins University hospital is in the city for a visit of ten days with her parents, Mr. and Mrs. S. A. Fairbank on Edge Hill road. In ten days she expects to sail on the steamship "Aquitania" for Europe in company with a young lady as patient. They expect to be absent twelve to fourteen months and to visit many parts of the old world including France, Switzerland and may get as far down as Egypt and as far away as India where the doctor has a number of relatives. The journey will be a fine one in every way.

SAVE THE FLOWERS

A good many people have many flowers. Tulips are abounding these days and many other lovely growths which are apt to bloom and die where they grow. If the owners would only gather some of them and send them to the two hospitals to be distributed among the sick it would be a gracious deed. Scatter whenever the opportunity offers; tears will come without any cultivation.

FOR HOSPITAL DAY

Letters have been sent the ministers of Winchester asking them to urge their people to visit the city next Friday and help make hospital day a success. Let all bear in mind that Passant hospital is not merely a Jacksonville enterprise; it belongs to the churches of Morgan county and adjacent territory like Winchester and other places and all are urged to take a part in its efforts for the needy and sick and to feel that it belongs to them.

FUNERAL NOTICES

The funeral of Francis Early will be held Saturday morning at 9 o'clock at the Church of Our Savior. Interment will be made in Calvary cemetery.

Harold Welch, secretary of the Jacksonville Chamber of Commerce went to Decatur yesterday to attend the Civic Conference of the Illinois Chamber of Commerce.

East St. Louis Resident Says Tanlac Has Twice Restored Her to Perfect Health—After Effects of Flu Overcome.

"Tanlac came to my rescue twice and each time for a different trouble," said Mrs. Emma R. Fansler, 711 North Twenty-Fifth St., East St. Louis, Ill.

"About four years ago it relieved me of an awful case of stomach trouble, and from that time up until I had the 'flu' last fall, I was just in the best of health. For weeks and weeks, even after I was dismissed as being well from the 'flu,' I was so run down I could hardly get about the house.

"I evidently needed something to build me up, so I turned to Tanlac again and it was surprising how rapidly I began to mend. I am perfectly well and strong again now and from the way I feel I couldn't tell I had ever had a sick day in my life. I think Tanlac ought to be in every home."

CIVIC CONFERENCE HELD AT DECATUR

Leaders From Illinois Cities Discussed Community Problems—Mayor Crabtree Had Municipal Government for Theme.

Decatur, Ill., May 5—The civic conference of the Illinois Chamber of Commerce opened here this morning with a discussion of "The Relation of Chain Stores to the Community" by John H. Campbell, of Rockford, president of the Illinois Chamber of Commerce. Discussion of tax questions, city government, parks and playgrounds, civic activities and zoning were on the program for the day.

City planning and zoning occupied a conspicuous place on the program. Charles H. Wacker, chairman of the Chicago plan commission; W. F. Hardy, chairman of the Decatur plan commission; J. B. Whitehead, president of the Illinois Realtors, Rockford; Edward H. Bennett, director of zoning, Chicago; Harland Batholomew, St. Louis plan commission engineer; Henry P. Chandler and Jacob L. Crane, Jr., of Chicago were speakers upon various phases of these allied subjects.

Tonight Edward E. Gore, president of the Chicago Chamber of Commerce, discussed "Combating Crime" and Frank E. Comerford spoke on "A Challenge to American Citizens." Delegates inspected Decatur's \$2,000,000 water impounding project which includes the \$1,000,000 dam.

Municipal Government

The running of a municipal government is the biggest industry in a city, and on the success of it depends to a large extent the success of each individual's business, E. E. Crabtree, mayor of Jacksonville, said in an address before the conference.

Mayor Crabtree said that the average business man did not pay enough attention to municipal government and that as the result inefficient officials often were elected.

"What can we do, Mr. Business Man, to help produce more efficient government in our home city?" he asked.

"There are about 90 cities belonging to the Illinois Chamber of Commerce. Suppose in those cities the members of the chamber of commerce should say to themselves, 'Is there any reason why the business men of our town should not control the city machinery, not for our direct selfish profit, but for the good of all?'"

Drafting Candidates.

"Suppose these 90 cities should say: 'We will draft and support for our city officials, men who from a standpoint of integrity, business ability and diplomacy, are best qualified to serve us, and we say to them, "You are to be our candidates we will unselfishly stand behind you as we would in our business. We will expect you, when elected to know no political party. You are to appoint the best men available for each position. You are to select men solely because of their past experience has qualified them. If any man proves a misfit, you will ask him to resign. We will agree to assist by counsel and advice, or to give our time when called upon."'"

"Suppose 90 cities should do this. How long would it take by this propaganda to start in the public mind a prairie fire for good government, which would sweep over the entire state, and would make it popular, and an honor for Mr. Business Man to be a city official?"

"The average business man hesitates to run for an office, because he does not like the campaign work, the labor of it, the vicious stories.

"A business man will work for his Chamber of Commerce. During the war period he thought nothing of devoting hours and days to the selling of bonds, soliciting for the Red Cross, Y. M. C. A., and numerous other things, without thought of financial remunerating and yet the majority of us refrain from what we call politics, or if we assist, it is often for some private gain, either in salary, sales of merchandise, a deposit of public funds, or some other way.

"Voting once in a while will not suffice, for there is a long time of need application of business sense in between voting spasms."

REBEKAH ASSEMBLY WAS HELD AT MEREDOSA

Mrs. Fred Engelbach was a shopper in Jacksonville Friday from Arenzville.

FAMOUS GUNMAN DRAWS DEATH IN A GAME OF GUNS

(Continued from Page One)
low the left shoulder. A second shot went thru his right breast coming out thru the right shoulder, a third shot went thru his abdomen, while two of the five bullets penetrated his back, one going into the body just below the left shoulder and coming out thru the abdomen. The fifth entered Ballew's head just behind the left ear and came out near his mouth on the right side.

Former Chief's Eulogy
ARDMORE, Okla., May 5—"Bud Ballew was murdered: I am satisfied of that. Five shots and all from the back. He did not have a chance."

Tears glistened in the eyes of former Sheriff Buck Garrett as he emerged from the undertaking shop in which there had just been placed the body of his lieutenant, Bud Ballew, idolized by many as a hero and hated and feared as a killer of others.

"No man ever had a truer friend than Bud Ballew was to me," said Garrett. "He saved my life on numerous occasions."

Was Fearless Gunman

Bud Ballew known for years as one of the fastest and one of the most fearless of gunmen of the southwest, was borne home to night in an airplane, the victim of a man who beat him to the draw.

Ballew, former deputy sheriff here, the notches on whose pistol bore testimony that he had killed at least eight men and had been the victor of countless other fights, was reputed for his quickness on the draw in the early days of outlawry in the southwest. Today, J. W. McCormick, former mayor and now chief of police at Wichita Falls, drew, and fired first.

Too Slow on Draw

"Bud took in too much territory today and for once was too slow on the draw," was the opinion expressed by many tonight.

Ballew's prowess with a six shooter was reputed in this section as second only to that of his chief, former Sheriff Buck Garrett, under whom Ballew served as a deputy for ten years, until Garrett was ousted from office several months ago.

Ballew was feared among the outlaws of the oil fields and cattle country in the early days when this section of the state was headquarters for notorious outlaws.

Ballew was afraid of only one man and that was his chief, Buck Garrett. When Bud went on a rampage here and in surrounding towns it was usually Buck Garrett that took away his guns and cowed him.

CATTLE ASSOCIATION DISCUSSES PROBLEMS

WASHINGTON, May 5—A two day conference of representatives of pure bred cattle associations to discuss problems of interest to all breeders of dairy animals and the dairy industry was opened today at the department of agriculture with an address by Secretary Wallace. Later the delegates were received at the white house by President Harding. Dr. John R. Moller, chief of the bureau of animal industry and C. W. Larson, chief of the dairy division also addressed today's meeting.

BUILDING TRADE WORKERS PLANNING NEW STRIKE

Chicago, May 5.—At a meeting here tonight resolutions were adopted calling a renewed strike of all the 64,000 building trade workers in the city for May 22. The strike was declared to be effective unless in the meantime building contractors give up their efforts to operate some trades on the "open shop" basis and cease to hire non-union workers to take places of men belonging to the unions who refused to accept the Landis award.

SOLDIER HOSPITAL BILL PASSES HOUSE

WASHINGTON, May 5.—The \$17,000,000 soldier hospital bill making immediately available \$12,000,000 for beginning construction of institutions in 1922 of the 14 veteran bureau districts was passed tonight by the house. It now goes to the senate. Reported yesterday by Chairman Madden of the appropriations committee the measure was put thru the house by unanimous vote.

THE ARGENTINIANS ARE STRONG FOR THE RADIO

BUENOS AIRES, May 5.—Radio concerts have obtained a fascinating hold on Argentines. Many telephonic receiving sets are being used nightly to hear the concerts broadcast from the Colón Opera House in Buenos Aires. A request had been received by the Opera House from the Amateur Radio Club of Santiago, Cuba to length its waves so that the concerts can be heard on the other side of the Andes.

FLOOD DAMAGE IN PARIS

WILL ASK VENUE CHANGE FOR GREEKS

Trial of Men Accused of Murder of Schuyler County Officers May Be Held Here—Indictments Expected Today—W. W. Wright Goes to Rushville.

Walter W. Wright left yesterday for Rushville to be present today when it is expected that the grand jury will return indictments for murder against the 29 Greeks who are quarried in the Morgan county jail. Judge Guy Williams will receive the grand jury report and will also hear argument on the motion for a change of venue from Schuyler county. It is understood that Mr. Wright and his associates will suggest a change to Morgan county.

While the indictments are expected, Mr. Wright takes the view that the charges against the defendant Greeks are far from proven. The manner in which Sheriff Lashbrook and his two deputies were shot and the position in which the bodies were found go to show that the shots could not have been fired from the cars in which the Greeks were quartered. That affairs have not been peaceable in Schuyler county is shown by the fact that in the last two years two deputies serving under the sheriff have been killed. Sheriff Lashbrook had waged war on illicit liquor sellers and had built up some enemies on this account.

It is no easy task to make a trip from Jacksonville to Rushville these days. Mr. Wright drove by automobile to Beardstown and then took a boat for the five mile trip to Frederick, where it is possible to resume automobile travel for Rushville. The trip from Jacksonville to Rushville takes longer than a trip to Chicago and is more expensive.

The bankers of the Eighth district will convene in this city on Tuesday, May 23, morning and afternoon sessions being planned. The program will include a number of prominent speakers and it is expected that more than 250 bankers will be in attendance at the conference.

The general plans for the meeting are in charge of Fred Salm of Carthage, chairman of the district. H. O. Tunison of White Hall is the secretary.

The business sessions will be held at the Elks club house, following serving of dinner at the Governor Duncan Memorial home and the Colonial Inn. The counties included in the district are Adams, Brown, Calhoun, Cass, Greene, Hancock, Jersey, Menard, Morgan, Pike, Schuyler and Scott.

SEEK TO ABOLISH CHAPIN COMMUNITY HI

Petition Filed With Supt. Vasconcellos Will Require Election Test.

A petition was filed Friday with H. H. Vasconcellos county superintendent of schools, which will require the submission to the voters of the question of abolishing the Chapin community high school. Under the law when a petition of this kind, bearing the signatures of more than 100 persons living within the high school district is upon this petition.

The Chapin community high school has a faculty of four and a four year course of study is offered, the high school being upon the accredited list of the state.

About sixty pupils are in attendance.

The residence of the late C. S. French, which was remodeled for the purpose, is used as the community high school building because of the generosity of Mrs. French, now resident in Rome, N. Y. It is understood that the opposition to the maintenance of the high school is because of the heavier tax levied.

Mr. Vasconcellos said yesterday that he would probably arrange to have the question submitted to voters at a late date in May. It will require two-thirds of the vote cast upon the proposition to bring about the dissolution of the district.

Dr. R. R. Buckthorpe is a patient at Passavant hospital. While Dr. Buckthorpe is quite sick, his condition yesterday showed improvement.

Jacob Cohen has been with in for several days at Car Savior's hospital, but was somewhat better Friday.

ILLINOIS LOST IN MEET WITH BRADLEY

Coach Harmon's Men Won First Honors In Four Events—Score Was 76 to 41 But Contests Were Close.

Illinois College met defeat at the hands of Bradley in a dual meet at Bradley field in Peoria Friday afternoon with a score of 76 to 41 points. Notwithstanding the fact that the score indicates an uneven contest, there was much enthusiasm and a hotly contested field. The Bradley men had the advantage having participated in two previous meets this season. When Illinois had two weeks more practice it is not doubted that she can duplicate the showing she made last year against Bradley.

In the quarter mile race, the two men to reach the tape first were disqualified for fouling, both schools having a man disqualified. The 220 yard hurdle race was the most spectacular one during the meet. Cully of Illinois and Fredericks of Bradley, running a neck to neck race the full course of the cinder path.

The results of the events were as follows:

100 Yard Dash—Manley, Bradley; Carol, Bradley, Time 10 1-5.

One Mile—Elmore, Bradley; Krablin, Bradley, Time 5 2-5.

INDIANS MADE CLEAN SWEEP OF SERIES

Fielding Errors and Sothoron's Great Pitching Enabled Cleveland to Defeat Chicago—Roberson Lasted Only Six Innings Giving Way to Pinch Hitter.

CHICAGO, May 5. — Fielding errors by Chicago coupled with opportune hitting and Sothoron's great pitching enabled Cleveland to make a clean sweep of the series, taking the final game 6 to 3. The former St. Louis pitcher starting his first game of the season did not allow a hit until the 7th Strunk doubled, altho he had walked four men. In the ninth he weakened and three hits were off him.

Charley Robertson the rookie pitcher who twirled a no-hit game at Detroit last Sunday attempted to repeat today but lasted only six innings giving way to a pinch hitter.

Stuffy McInnis, the Indians' first baseman drew his first banishment from the game in 13 years when he used objectional language to Umpire Nalhin in a decision at first.

DEALINGS ON STOCK

EXCHANGE SMALLER
By Associated Press.
NEW YORK, May 5.—Renewed
selling for both accounts, in
which profit-taking seemed to be
more effective, accounted chiefly
for the interval of hesitancy and
comparative dullness manifested
by today's stock market. Dealings
during the early and intermediate
periods were smaller and more
circumscribed as to separate is-
sues than at any time since last
March. The more active pace of
the later operations lifted the
day's total transactions to 1,125-
000 shares. Oils as a group again
dominated the list in prominence
and strength notably the second-
ary domestic shares. Both domes-
tic and foreign monetary condi-
tions were helpful to the stock
market's conservative side.

Call loans opened and renewed
into next week at 41 per cent, but
dropped to 34 per cent in the
afternoon.

Exchange on London rose
steadily to 44½ for demand bills
the highest rate for this remittance
in more than two years. All
continued quotations were better
aligned gains in the allied group
were relatively nominal. Buying
of Liberty bonds was decidedly
helpful. The entire series barring
the 3½ and 4½s closed un-
changed or at trifling declines.

Total sales (par value amount-
ed to \$14,597,000.

CASH GRAIN REPORT

By Associated Press.
CHICAGO, May 5.—Wheat in the
cash market today was 1c to
1½c lower, with premiums and dis-
count firm. Domestic shipping
sales here were only 3,000 bushels,
the seaboard said 200,000
bushels of wheat had been worked
for export.

Corn was unchanged at the
close, with the trading basis un-
changed to ½c better. Shipping
sales were 25,000 bushels all
domestic.

Oats were unchanged with the
basis firm. Shipping sales totaled
160,000 bushels.

Car lot receipts: Wheat, 113;
Corn, 216; Oats, 114.

**BUTTER MARKET WAS
CONSIDERABLY FIRMER**
By Associated Press.
Chicago, May 5.—The supply of
butter on the street was not so
excessive today and buying de-
mand showed some improvement.
As a result the tone of the market
was considerably firmer.

The bulk of the sales on 92
score butter were made at 34½,
but some sales were also reported
up to 35 with finer lots at 35½.
Medium grades were cleaned up in
fair shape at slightly higher
prices. Creams continued still dull,
but little better demand was re-
ported from out of town points.

OBJECTIONS URGED
TO PAVING PLANS

Various Property Owners on College Avenue File Protest Thru Attorneys to Proposed Paving Work.

Objections filed to the proposed paving of West College avenue are quite voluminous. The cause of the objections has been presented to Judge Samuel by Judge E. P. Brockhouse and Wilson & Butler as attorneys.

The list of objectors includes the following: J. W. Taylor, H. S. Stevenson, Joseph Kümle, Martha Black, Isaac N. Moxon, R. Shoe-maker, Julia Holmes, Laura Fox, James Rabbitt, George E. Baxter, W. B. Rogers, Mary E. Wiswell, W. H. Kimer, E. G. Caldwell, Virginia Dinsmore, Julia E. Randall, Laura M. Smith, John F. Berry, Homer Cuiy, Hattie Vosseller, C. C. Cochran, Perry C. Thompson, George Moore, Charles and Alma Gillett, P. F. Phipps, Robert Mutch, Mrs. Charles Hayden, John M. Butler, E. P. Brockhouse, Eloise A. Pitner, Mrs. George E. Scott, J. Frank Brown, Brayton W. Smith, Sue C. Orear, Clara Grassley.

It is set forth that the notices posted and filed by the commissioner-appointed to spread the assessment do not substantially conform to the special assessment notice provided for in the local improvement act. It is charged that certain words provided by law for the heading of the proposed notice were omitted therefrom. It is maintained that there are various inaccuracies in the "plan and detail" of the pavement as included with the engineer's estimate.

It was charged that the area of sheet asphalt paving which, under any possible interpretation of the ordinance, would be required under the terms of the ordinance, is in hopeless conflict with the areas of sheet asphalt assumed in the engineer's estimate.

Objection is made on the ground that brick catch basins are prescribed in the ordinance and that the catch basins are to be only partially of brick. Similar objections are made with reference to various points in the specifications. The objectors also charged that the engineer's estimate is defective and at variance with the provisions of the ordinance and in sufficient in various particulars.

The city has been allowed time to file answer to the numerous objections.

LEGION SENDS AID
TO GREEK PRISONER

Chicago Attorney Here to Look After Interests of Ex-Serviceman in County Jail — Visited Scene of Tragedy.

A. A. Pantelis, Chicago attorney, and Theodore Pallas, who is connected with the National City Bank of Chicago, arrived in the city yesterday. They are here to look after the interests of Harry Margaritis, an ex-serviceman, who is one of the group of Greek workmen now being held in the Morgan county jail in connection with the shooting of the sheriff of Schuyler county.

Mr. Pantelis is executive commissioner of the first district of the American Legion and also represents the Hellenic post of Minneapolis American Legion. Margaritis saw a number of months of overseas service during the great war and was gassed on one occasion, and the American Legion is doing everything possible to aid him at this time.

The visitors before coming to the city visited Rushville, Frederick and Beardstown and made a thorough investigation thru members of the American Legion at these points. They stated last night that from all they were able to learn, the men now under arrest are not the ones who did the shooting, as from all indications the shots were fired from the back of the station and not from the freight cars which housed the Greek workmen. The sheriff was shot thru the back and Neff, one of the deputies, back of the left ear.

There is much sentiment against the Greek workmen at various points along the river, and it was the statement of the visitors last night that the sheriff of Schuyler county also had many enemies in that territory. This ill-feeling was the result of a stamp on the part of the sheriff to stamp out illicit liquor dealing.

WOODSON SCHOOL HAD
PICNIC AT PARK HERE

Pupils of Woodson Public School Enjoy Friday Afternoon at Nichols Park, Following Basket Dinner—Other Woodson News.

Woodson, May 5. — Friday closed the term at the Woodson school and the pupils and patrons of the school enjoyed a picnic dinner in the basement of the Christian church at noon. There were more than 100 present for this feature and the menu included all sorts of good things to eat. Ice cream was furnished for all thru the courtesy of the teachers, J. Chester Colton and Miss Ruth Mellor.

In the afternoon eight cars were provided and all the children were taken to Nichols park in Jacksonville. There they spent several hours very happily and the return home was made in the late afternoon.

The election of officers was held, resulting in the re-election of the following officers: President—Mrs. R. R. Jones. Vice President—Mrs. George Cunningham. Secretary—Mrs. Chester Colton. Treasurer—Mrs. Nettie Ezard.

An address was given by Rev. A. E. Powell, who based his remarks chiefly upon ways in which the school may be improved and pupils thus made to feel a more genuine interest in their studies.

GREAT PROGRAM GIVEN
HERE BY DR. NOBLE

Famous Organist Heard at Music Hall Friday Night

Seldom is it the opportunity of Jacksonville people to hear a concert of such brilliance, beauty and power as that given last evening at Illinois Woman's College by Dr. T. Tertius Noble, noted organist of New York City. From the opening Toccata and Fugue in D Minor, by Bach, to the closing number, Suite in F by Corelli, the large audience which filled Music Hall was held by the rare power and beauty of the organist's playing.

Dr. Noble is an organist and composer of international reputation and his appearance before a Jacksonville audience was one of the notable events of this winter's musical season. Dr. Noble was formerly organist and choir master at York Minster and Ely Cathedral, two of England's most famous and beautiful cathedrals. Dr. Noble is now organist and choir master of the celebrated St. Thomas church in New York City and his trip to the middle west was occasioned by his appearance in the American Guild of Organists Series in Chicago recently. This noted musician is also a prominent composer and two of the most charming numbers of last night's program were the two violin numbers, Pastorale and Gavotte, so artistically and skillfully played by Miss Beatrice Horsburgh of the college faculty, and the Solemn Prelude, played by Dr. Noble with such tranquility and breadth of conception.

The artist's interpretation throughout the program showed a rare quality of true musicianship. He brought to his interpretations grace and lightness of strength and fullness, as the composition demanded, and the audience responded sympathetically to the changing mood of the artist. The organist's registrations reflected true gentleness and many times the music of the organ seemed to be that of a full orchestra.

The Toccata and Fugue by Bach displayed great strength of conception, power of technique and interpretation. Perhaps the most heartily applauded number was the light, fantastic Gavotte in F, by Bach, which the organist played with most colorful effect in registration. The pensive "Dreaming," by Noble, which Miss Horsburgh played as an encore was exquisitely charming. The tranquil beauty of the Evening Song by Beirstow and the technical brilliance and unusually beautiful registration manifest in the Suite in F by Corelli, were notable features of the program.

In response to the demands for an encore, with a selection of his own composition in which the chiming were used with wonderfully beautiful effect. The concert was one which has rarely been equalled in Jacksonville and music lovers of the city felt greatly privileged to have the opportunity of hearing Dr. Noble.

BIRTH REGISTRATION
FACTS IN PUBLIC SCHOOL

During the Clean-Up Health Week one of the matters cared for in the public schools was the securing of the birth registration date of as many pupils as possible. Some of the results are very interesting.

The records of 2206 pupils were secured and show a distribution as to place of birth as follows:
In Jacksonville—1077.
In Morgan County—395.
In Illinois (others)—4883.
Out of state—249.
In Greece—2.

This shows that of the pupils now attending the Jacksonville Public Schools 1472 were born in this county and 1955 were born in the state of Illinois.

An attempt is being made to check up the birth records of all pupils who have not been properly registered in this county. It is very well understood today that for legal purposes, etc., official birth certificates are necessary. Often legal matters or traveling dates must be indefinitely postponed until these matters can be adjusted.

It is suggested that all parents who are interested in the future of their children should see that they have an official birth registration in the county where they were born.

Attended Meeting of Red Cross Flood Relief Committee at Springfield — Reconstruction Work in flood District Considered.

Miss Grace Carter represented the Morgan County chapter of the Red Cross at a meeting of the Red Cross Flood Relief committee held in Springfield the early part of the week. This committee is the one organized by Walter Davidson, manager of the Central Division of the Red Cross at Chicago. At this meeting representatives all over the state were present and statistics were presented showing the losses that have been incurred by the flood in Illinois. The reports showed that Union and Alexander counties have suffered most severely.

The conferences were held at the Sangamo Club and at this time a committee of five was appointed by Manager Davidson to devise ways and means of reconstruction in the flooded areas. This committee will provide means of immediate relief and reconstruction aid. As pointed out at the conference by V. Vaniman, state chairman of Farm Advisors, one of the immediate needs will be for hog serum, as one of the results of floods is an epidemic of hog cholera. The members of this committee appointed by Mr. Davidson are, chairman Roos of the Alexander County chapter, V. Vaniman, of the state farm bureau department; chairman Garm, head of the Cass county Red Cross chapter; J. M. Merriman of Springfield and Walter Davidson, ex-officio member.
